STIFTUNG WARENTEST - 10/2016

How to redeem the voucher?

If you register a new account, please enter the voucher code "christmas2018" during step 2 of the registration process. mailbox.org can be tested free for 30 days, as always. The code is only valid for new registrations until 10. January 2019. We will increase your account balance by the amount of 6 EUR after your first completed payment to top up the account. (This procedure is necessary to avoid abuse by spammers.)

The amount will cover the charges for using the basic tariff Secure Mail for a further 6 months. Note that the balance increase granted through the voucher is not transferable or refundable.
